Jefferson Health is seeking multiple Certified or Registered Respiratory Therapists within our Abington and Lansdale, PA hospitals.

Job Description:

Respiratory Therapists administer respiratory therapy procedures to examine, diagnose, and treat patients with respiratory and pulmonary disorders. The RT assesses the patient's condition and consults with physicians to determine appropriate treatment plans, and monitors the patient's progress following procedures to evaluate the effectiveness of treatment. The RT also documents all patient care activities and ensures they comply with the appropriate quality of care standards and regulations of the department.

Qualifications:

(CRT):

- Graduation from an accredited respiratory school May-June 2023
- Associates Degree required
- Successfully passed National Board for Respiratory Care Examination (NBRC):
 - Certified Respiratory Therapists (CRT) must obtain Registered Respiratory Therapist (RRT) credential within 2 years of hire
- Commonwealth of Pennsylvania licensure required
- Basic Life Support (BLS) certification from the AHA

(RRT):

- Professional competency in the science of Respiratory Care commensurate with the NBRC credential.
- Graduate of AMA-approved School of Respiratory Care.
- Registered by the National Board of Respiratory Care.
- Licensed by the State Board of Medicine or State Board of Osteopathic Medicine.
- Certified in Basic Cardiac Life Support/BLS.
- Associate's/2-year degree required.
